# Sponsor the RLSS 2023

**We invite you to sponsor the Fifth Reinforcement Learning Summer School, taking place in the vibrant city of Barcelona.**

- Focused on theoretical and practical aspects of reinforcement learning.
- Access to a pool of highly skilled individuals for potential hiring or collaborations.
- Exchange with world-class experts in the field of Reinforcement Learning.
- Opportunities to showcase products, services, and company culture to a receptive audience.

# About previous editions

- Past editions held in Nieuwpoort, Belgium (2017), Lille, France (2019), Toulouse, France (2021) and Amsterdam, Netherlands (2022).
- It attracts every year about 80 to 120 attendees from all over the world.
- This year we expect 100 attendees, a large fraction of which will be Master's and PhD students from top-level institutions.

## Why sponsor the RLSS?

- The success of RLSS is to a substantial extent due to its sponsors.
- Sponsorship directly results in reduced registration fees for the students and thus enables many young researchers to attend.
- Benefits to sponsors include display of logos, distribution of promotional material, privileged contact with attendees at the sponsor booth, etc. Details on the next page.
